- Heroku

PROFESSIONAL EXPERIENCE

KushCo Holdings Inc.   **Cypress, CA**
Software Developer   Sept 2017—Present

> Business Automation

Automated work processes in ERP system through scripting to accelerate productivity for multiple departments. Automated examples include billing, debt collection, and state-managed end-to-end custom packaging production workflow.

> Tool Development

Built intercompany and client facing CPQ tool to generate quotes on customized products. Constructed progressive mobile delivery app that tracks deliveries, manages fulfillments, and captures customer signatures. Developed backend servers for external projects using Node.js and Ruby on Rails while enforcing RESTful API best practices, token based authentication, and data encryption.

> Third Party Integrations

Developed custom integrations to connect ERP system with external third party systems. Integrated Oracle's NetSuite with Manhattan's SCALE warehouse management system to maintain synced inventory across two environments. Integrated Teamwork's project management system with Oracle's NetSuite to maintain synced projects, employees, milestones, task, and time spent for billing.

Trilogy Education Services   **Irvine, CA**
Tutor   Feb 2018—July 2018

> Personalized Tutoring

Provided MERN stack tutoring for at-risk students. All students who received assistance were able to integrate back into regular classes and successfully complete the web development program.

State Farm Insurance Companies   **Irvine, CA**
Bodily Injury Claims Specialist   April 2012—July 2017

> Automated Processing

Wrote browser code snippets to automate tedious tasks to reduce claim processing and handling time.

EDUCATION

University of California, Irvine   **Irvine, CA**
Bachelor of Arts, International Studies   March 2012
Certificate in Accelerated Web Development   September 2017
